1. Stead - fast - ly saints were pray - ing for the signs of Je - sus' birth:
2. "Lift thy head, be of good cheer, — now be - hold the time at hand:
3. Though the sun set on that eve - ning bright - est light stayed o'er the land!
4. Just as on that night so ho - ly, we shall see the signs ap - pear

Let the night be light as noon day, clear and shin - ing o'er the earth;
On this night the sign is com - ing; light will cov - er all the land.
All the saints re - joiced in won - der, and the wick - ed could not stand.
Of the glo - rious Sec - ond Com - ing of our Lord and Sav - iour dear.

Let the star rise in the heav - ens, show thy glo - ry here be - low.
On the mor - row, I, thy Sav - iour, come in - to my earth - ly home,
Faith was strength - ened, hearts con - vert - ed; peace and joy spread o'er the earth;
Let our hearts find com - fort, sol - ace, as the Nep - hite saints of old,

Come, thou Ho - ly One of Is - rael: save thy chil - dren from the foe.
To ful - fil the ho - ly proph - ets, and to come un - to my own."
Bril - liant star pro - claimed the glo - ry of the prom - ised Sav - iour's birth.
In the hope of His loved pres - ence through mil - len - nial age of gold.
