To anyone who decides to use this song, please listen to the recorded audio so you can figure out how I *intended it to sound*.

I am not technologically proficient enough to figure out how to write this song out the way that I recorded it without making it a million pages long. This song is meant to be sung the following way:

1. First verse, sing “In the Garden” and then the chorus.
2. Second verse, sing “In the Garden” and “Teach Me to Walk in the Light” at the same time and then the chorus.
3. Third verse, sing “In the Garden”, “Teach Me”, and “I Need Thee Every Hour” at the same time and then the chorus.
